

REMARKS

Applicants thank the Examiner for taking time to discuss the requirement for new drawings in the Notice of Allowance dated June 3, 2004.

The specification has been amended above to add reference number 725 to identify the cooling air path indicated by the arrows in Figures 5-7.

Additionally, Figures 5-7 have been amended as suggested by the Examiner to more clearly illustrate the cooling air path indicated by the arrows 725. Three sheets of drawings are presented herewith for approval.

The Director is authorized to charge any fees due by way of this Amendment, or credit any overpayment, to our Deposit Account No. 19-1090.

Respectfully submitted,
